PENDANTS

Cradle

A shallow timber dome built from six wide segments, with the seams left on show and a warm pool of light beneath.

Cradle is built from six wide segments of timber, each cut to follow the curve of the dome. The joins run from crown to rim like lines of longitude, and every segment carries its own grain, so the dome reads as one shape made of several honest pieces. Lit from inside, the thin rim glows and the underside throws a soft, even pool of light over a dining table or bench.

Sizes and prices (AUD, incl. GST)

400 mm	400 mm diameter, 210 mm high	$1,480
550 mm	550 mm diameter, 280 mm high	$1,890

Timbers

Messmate · Spotted gum · Marri

Tasmanian blackwood (+$180)

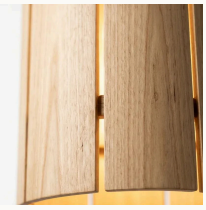

Specifications

Materials	Six timber segments, oil finish; timber canopy; soft white fabric cable
Light source	E27 LED globe included
Output	806 lumens
Colour temperature	2700K (3000K on request)
CRI	90+
Dimming	Trailing-edge dimmer
Cable	3 m fabric cable, cut to length on install
Canopy	Timber canopy to match, 120 mm
IP rating	IP20, indoor use
Lead time	Made to order, 6 to 8 weeks

Specifications are indicative and confirmed with your order. Hard-wired lights must be installed by a licensed electrician.

Images are concept renders. Each finished piece shows its own grain.

PENDANTS

Daintree

A tall timber cylinder of five curved staves, with light escaping through narrow vertical slots.

Daintree is made from five wide, curved staves set edge to edge, with a narrow slot left open between each one. Switched on, the light escapes in five thin vertical lines and pools through the open base. It's a simple, generous use of timber: five pieces, five gaps, nothing hidden.

Sizes and prices (AUD, incl. GST)

450 mm	450 mm diameter, 520 mm high	$2,280
600 mm	600 mm diameter, 680 mm high	$2,790

Timbers

Messmate · Spotted gum · Marri · Tasmanian blackwood (+$270)

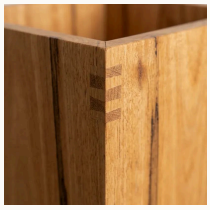

Specifications

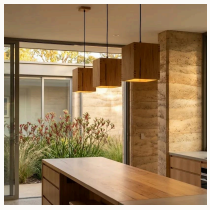

Materials	Five curved timber staves, oil finish; timber canopy; soft white fabric cable
Light source	E27 LED globe included
Output	1055 lumens
Colour temperature	2700K
CRI	90+
Dimming	Trailing-edge dimmer
Cable	3 m fabric cable
IP rating	IP20, indoor use
Lead time	Made to order, 8 to 10 weeks

Specifications are indicative and confirmed with your order. Hard-wired lights must be installed by a licensed electrician.

Images are concept renders. Each finished piece shows its own grain.

PENDANTS

Flinders

A small timber box pendant with finger-jointed corners and an open base.

Flinders is four timber sides joined at the corners with finger joints, left exposed so you can see exactly how it goes together. Seen from below it frames a square of light; seen from across the room it's a warm, solid block with glowing edges. Hung in a row over a bench, the joinery becomes the pattern.

Sizes and prices (AUD, incl. GST)

250 mm	250 mm cube	$1,240
350 mm	350 mm cube	$1,560

Timbers

Messmate · Spotted gum · Marri

Tasmanian blackwood (+$150)

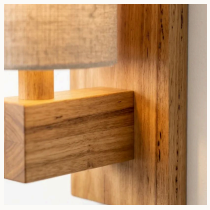

Specifications

Materials	Four timber sides with finger-jointed corners, oil finish; timber canopy; soft white fabric cable
Light source	E27 filament LED included
Output	470 lumens
Colour temperature	2200K
CRI	90+
Dimming	Trailing-edge dimmer
Cable	3 m fabric cable
IP rating	IP20, indoor use
Lead time	Made to order, 4 to 6 weeks

Specifications are indicative and confirmed with your order. Hard-wired lights must be installed by a licensed electrician.

Images are concept renders. Each finished piece shows its own grain.

WALL SCONCES

Wollemi

A linen shade held off a timber backplate by a single block arm.

Wollemi is three pieces of timber and a linen shade: a tall backplate, a short block arm and a turned spigot. The shade sits close to the wall so the light washes down it in a gentle fan, and the timber glows where the light catches its edge. Fitted in pairs, it suits a bedhead or a hallway.

Sizes and prices (AUD, incl. GST)

300 mm	300 mm high, 200 mm wide, 220 mm deep	$640

Timbers

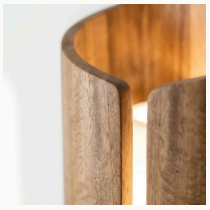

- Messmate
- Spotted gum
- Marri
- Tasmanian blackwood (+$80)

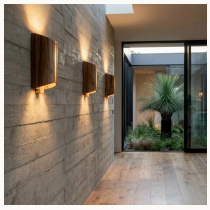

Specifications

Materials	Timber backplate and arm, oil finish; natural linen shade
Light source	E14 LED globe included
Output	470 lumens
Colour temperature	2700K
CRI	90+
Dimming	Trailing-edge dimmer
Mounting	Hard-wired, standard wall box
IP rating	IP20, indoor use
Lead time	Made to order, 4 to 6 weeks

Specifications are indicative and confirmed with your order. Hard-wired lights must be installed by a licensed electrician.

Images are concept renders. Each finished piece shows its own grain.

WALL SCONCES

Otway

A curved timber wrap that hides the globe and washes light up and down the wall.

Otway is a single curved timber wrap, open at the top and bottom, that shields the globe completely. The light escapes above and below and grazes the wall, so a run of them along a hallway or verandah draws soft bands of light. The curve shows off the grain as it bends around the light. Otway is rated IP44, so it also suits bathrooms and covered verandahs and outdoor walls.

Sizes and prices (AUD, incl. GST)

320 mm	320 mm high, 240 mm wide, 130 mm deep	$780

Timbers

Messmate · Spotted gum · Marri · Tasmanian blackwood (+$90)

Specifications

Materials	Curved timber wrap and wall block, oil finish
Light source	E27 LED globe included
Output	806 lumens
Colour temperature	2700K
CRI	90+
Dimming	Trailing-edge dimmer
Mounting	Hard-wired, standard wall box
IP rating	IP44, suitable for bathrooms (outside shower zones) and covered outdoor walls
Lead time	Made to order, 4 to 6 weeks

Specifications are indicative and confirmed with your order. Hard-wired lights must be installed by a licensed electrician.

Images are concept renders. Each finished piece shows its own grain.

WALL SCONCES

Freycinet

A small domed timber disc with a slip-cast ceramic hood. Quiet enough for a bedroom.

Freycinet pairs a small turned Tasmanian blackwood disc, its face gently domed, with a matt white slip-cast ceramic half-dome hood that sits straight onto the timber. The hood hides the globe, the light falls down the wall and lifts the grain of the disc. It's the smallest light in the range and the calmest, made to be fitted in pairs either side of a bed or a doorway.

Sizes and prices (AUD, incl. GST)

180 mm	180 mm high, 160 mm wide, 170 mm deep	$460

Timbers

Messmate · Spotted gum · Marri · Tasmanian blackwood (+$60)

Specifications

Materials	Turned timber disc with domed face, oil finish; slip-cast ceramic hood, matt white glaze
Light source	Integrated LED, 5 W
Output	420 lumens
Colour temperature	2700K
CRI	90+
Dimming	Trailing-edge dimmer
Mounting	Hard-wired, standard wall box
IP rating	IP20, indoor use
Lead time	Ships in 2 weeks

Specifications are indicative and confirmed with your order. Hard-wired lights must be installed by a licensed electrician.

Images are concept renders. Each finished piece shows its own grain.

FLOOR LAMPS

Barrington

A slender timber stem, a frosted opal globe and a soft sage steel base.

Barrington is the simplest floor lamp we make: one straight turned stem of timber, a flat steel base powder-coated in soft sage, and a frosted opal glass globe on top. The globe spreads a calm, even glow, and the stem does the rest. It sits quietly beside an armchair or in the corner of a bedroom.

Sizes and prices (AUD, incl. GST)

1500 mm	1500 mm high, 420 mm shade, 300 mm base	$1,950

Timbers

Messmate · Spotted gum · Marri

Tasmanian blackwood (+$230)

Specifications

Materials	Turned timber stem, oil finish; powder-coated steel base in sage; frosted opal glass globe
Light source	E27 LED globe included
Output	806 lumens
Colour temperature	2700K
CRI	90+
Dimming	Inline dimmer on the cord
Cable	2.5 m fabric cable with plug
IP rating	IP20, indoor use
Lead time	Made to order, 6 to 8 weeks

Specifications are indicative and confirmed with your order. Hard-wired lights must be installed by a licensed electrician.

Images are concept renders. Each finished piece shows its own grain.

TASK LAMPS

Karijini

A marri task lamp with a swivelling aluminium joint and a shallow turned timber shade.

Karijini is a desk lamp built around one joint. A bead-blasted cast aluminium ball joint, with a small tension knob, lets the head pivot and swivel to put light exactly where you're working. The stem and the shallow cone shade are turned from marri, the base is a flat plate of orbital-sanded aluminium, and a flush frosted opal diffuser closes the underside of the shade so you see a soft, even glow and never the bulb.

Sizes and prices (AUD, incl. GST)

1600 mm	1600 mm high, 500 mm shade, 600 mm footprint	$2,380

Timbers

- Messmate
- Spotted gum
- Marri
- Tasmanian blackwood (+$290)

Specifications

Materials	Turned marri stem, arm and shade, oil finish; cast aluminium ball joint, bead-blasted; orbital-sanded aluminium base; frosted opal glass diffuser
Light source	E27 LED globe included
Output	1055 lumens
Colour temperature	2700K
CRI	90+
Dimming	Inline dimmer on the cord
Cable	2.5 m fabric cable with plug
IP rating	IP20, indoor use
Lead time	Made to order, 6 to 8 weeks

Specifications are indicative and confirmed with your order. Hard-wired lights must be installed by a licensed electrician.

Images are concept renders. Each finished piece shows its own grain.

FLOOR LAMPS

Daylesford

A timber stem and base with a dusty pink spun steel dome.

Daylesford is a straight timber stem set into a round timber base, topped with a spun steel dome powder-coated in a soft dusty pink. The dome points the light down onto a book or a side table, and the colour warms the timber beneath it. A reading lamp with a little personality.

Sizes and prices (AUD, incl. GST)

1300 mm	1300 mm high, 300 mm shade, 260 mm base	$1,420

Timbers

Messmate · Spotted gum · Marri · Tasmanian blackwood (+$170)

Specifications

Materials	Turned timber stem and base, oil finish; spun steel shade, powder-coated dusty pink
Light source	E27 LED globe included
Output	806 lumens
Colour temperature	2700K
CRI	90+
Dimming	Inline dimmer on the cord
Cable	2.5 m fabric cable with plug
IP rating	IP20, indoor use
Lead time	Ships in 2 weeks

Specifications are indicative and confirmed with your order. Hard-wired lights must be installed by a licensed electrician.

Images are concept renders. Each finished piece shows its own grain.

TASK LAMPS

Bright

A timber task lamp with an orbital-sanded stainless pivot and a sage spun shade.

Bright is a solid timber base and a single straight timber arm, joined by a stainless steel pivot with a random-orbital-sanded finish that catches the light like brushed water. A small spun shade in soft sage points the light where you need it. Three materials, each doing one job.

Sizes and prices (AUD, incl. GST)

380 mm	380 mm high, 200 mm wide, 140 mm deep	$690

Timbers

Messmate · Spotted gum · Marri

Tasmanian blackwood (+$80)

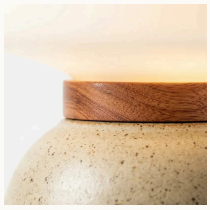

Specifications

Materials	Timber base and arm, oil finish; stainless steel pivot, orbital-sanded; spun aluminium shade, powder-coated sage
Light source	Integrated LED strip, 8 W
Output	640 lumens
Colour temperature	3000K
CRI	95+
Dimming	Touch dimmer on the base
Cable	2 m fabric cable with plug
IP rating	IP20, indoor use
Lead time	Ships in 2 weeks

Specifications are indicative and confirmed with your order. Hard-wired lights must be installed by a licensed electrician.

Images are concept renders. Each finished piece shows its own grain.

TASK LAMPS

Lorne

A speckled slip-cast ceramic base, a timber collar and a frosted glass mushroom shade.

Lorne sets a frosted glass mushroom shade on a rounded slip-cast ceramic base with a speckled oatmeal glaze, with a thin turned timber collar where the two meet. Switched on, the shade glows softly all over. It's small enough for a bedside table and calm enough to leave on all evening.

Sizes and prices (AUD, incl. GST)

320 mm	320 mm high, 180 mm shade	$680

Timbers

- Messmate
- Spotted gum
- Marri
- Tasmanian blackwood (+$80)

Specifications

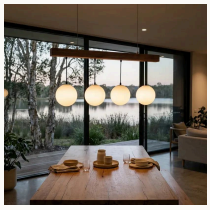

Materials	Slip-cast ceramic base, speckled glaze; turned timber collar, oil finish; frosted opal glass shade
Light source	E14 LED globe included
Output	470 lumens
Colour temperature	2700K
CRI	90+
Dimming	Inline dimmer on the cord
Cable	2 m fabric cable with plug
IP rating	IP20, indoor use
Lead time	Ships in 2 weeks

Specifications are indicative and confirmed with your order. Hard-wired lights must be installed by a licensed electrician.

Images are concept renders. Each finished piece shows its own grain.

CANDELABRAS

Myall

A long timber bar carrying a row of frosted opal globes, for a dining table or kitchen island.

Myall is a single long bar of solid timber hung level on two fine cables, with frosted opal globes dropping beneath it on short cords. The bar is the only piece of timber in the fitting, chosen for its grain and left square and honest. Over a long table it lights the whole length evenly.

Sizes and prices (AUD, incl. GST)

1500 mm, 4 shades	1500 mm bar, shades 200 mm diameter	$2,450
2100 mm, 6 shades	2100 mm bar, shades 200 mm diameter	$3,180

Timbers

- Messmate
- Spotted gum
- Marri
- Tasmanian blackwood (+$290)

Specifications

Materials	Solid timber bar, oil finish; frosted opal glass globes; steel suspension cables
Light source	Integrated LED, dimmable
Colour temperature	2700K (3000K on request)
CRI	90+
Dimming	Trailing-edge dimmer
Suspension	Adjustable steel cables, up to 2.5 m drop
Canopy	Timber canopy to match
IP rating	IP20, indoor use
Output	1800 to 2500 lumens across the beam
Lead time	Made to order, 6 to 8 weeks

Specifications are indicative and confirmed with your order. Hard-wired lights must be installed by a licensed electrician.

Images are concept renders. Each finished piece shows its own grain.

CANDELABRAS

Coorong

Three spun shades in terracotta, sage and sand, hung from one timber canopy.

Coorong hangs three spun metal shades from a single round timber canopy, at staggered heights so they read as one considered fitting. Each shade is powder-coated in a soft, matt colour taken from the coast it's named for: terracotta, sage and sand. Over a round table or a kitchen island it's warm and a little playful.

Sizes and prices (AUD, incl. GST)

3 lights	Canopy 1200 mm long, shades 220 mm diameter	$1,980
4 lights	Canopy 1600 mm long, shades 220 mm diameter	$2,480

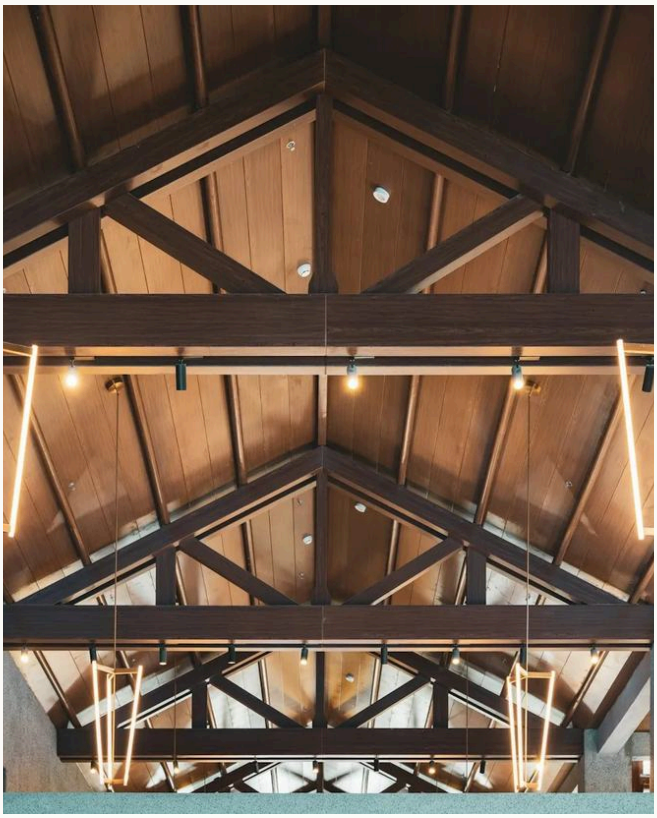

Timbers

Messmate · Spotted gum · Marri · Tasmanian blackwood (+$240)

Specifications

Materials	Timber canopy, oil finish; spun metal shades, powder-coated terracotta, sage and sand
Light source	E27 LED globes included
Colour temperature	2700K (3000K on request)
CRI	90+
Dimming	Trailing-edge dimmer
Suspension	Adjustable steel cables, up to 2.5 m drop
Canopy	Timber canopy to match
IP rating	IP20, indoor use
Output	806 lumens per shade
Lead time	Made to order, 6 to 8 weeks

Specifications are indicative and confirmed with your order. Hard-wired lights must be installed by a licensed electrician.

Images are concept renders. Each finished piece shows its own grain.

CANDELABRAS

Kanangra

A timber frame holding a row of frosted glass rods, built for high ceilings and open-plan rooms.

Kanangra is a simple open frame of four timber pieces, two long rails and two end blocks, holding a row of vertical frosted glass rods that glow evenly from end to end. It fills a double-height space or a long kitchen island with light, and the rhythm of the rods recalls the cliffs it's named for.

Sizes and prices (AUD, incl. GST)

1200 mm frame	1200 mm long, 600 mm wide, rods 900 mm	$3,400
1800 mm frame	1800 mm long, 600 mm wide, rods 900 mm	$4,200

Timbers

Messmate · Spotted gum · Marri · Tasmanian blackwood (+$410)

Specifications

Materials	Four-piece timber frame, oil finish; frosted glass rod diffusers; steel suspension cables
Light source	Integrated LED, dimmable
Colour temperature	2700K (3000K on request)
CRI	90+
Dimming	Trailing-edge dimmer
Suspension	Adjustable steel cables, up to 2.5 m drop
Canopy	Timber canopy to match
IP rating	IP20, indoor use
Output	3200 lumens
Lead time	Made to order, 8 to 10 weeks

Specifications are indicative and confirmed with your order. Hard-wired lights must be installed by a licensed electrician.
